2) Wireless Livingston - Attorney Dave Stoker disclosed his role as Attorney for the County on this project. Candy Tomlin from wireless Livingston attended the Council meeting. Ms. Tomlin requested use of public assets to further the wireless Livingston cause. MichTel will work with other companies for access to assets. Questions on the technical aspects of the project were raised. Expected benefits to local businesses and residents were discussed. Concerns about providing public assets for a private enterprise were discussed. Parts of the agreement, including the escape clause and cancellation were discussed. The contact person for the project will be the DPW Director, Dave Marshall.

3) PLP Demolition Update - Regal Recycling is having some trouble gaining permits from the county. Currently, the project is on hold, while we wait for the County. Meanwhile, the Regional Search and Rescue group has another project planned and will not be participating on a regional level. Although, local fire and safety units may still use the site for a training project, however, this still needs to be coordinated.

New Business
